Detailed description of the record(s) you are requesting: (Note - We will be better able to process your request if you clearly identify the record(s) you are seeking.)

I request information related to DPSD funds expended for lawyer and legal fees for all matters related to School Board Member Gerald F. Ashby. I want to know for each instance the DPSP lawyer(s) was/were called upon (with or without an expenditure). With each legal consultation that resulted in an expenditure, I want to know 1) why it was necessary, 2) who authorized the expenditure, 3) all lawyers, board members and DPSD staff involved, and 4) the amount of time and funds expended. I want copies of all related invoices. Also, want to know why the public official in question was not made aware of these discussions and why was he not afforded the same legal representation rights during these discussions?

If you are requesting e-mails or electronic records, please provide specific search terms that will allow the District to locate and assemble identifiable records responsive to your request:

For the individuals involved above, I want all emails between these individuals for each instance.

In the event the District needs to respond to your request in installments, please indicate any preference or priority set of records:
