Sequence: 2024-001c, DP School Board Meetings and Related OPMA Concerns

Dear School Board President and Directors,

During our board meeting held at the DP Middle School on 25 March, I brought up a couple of issues regarding transparency and OPMA compliance. First, have we devised a way to track actions items from board meeting to board meeting? There are still outstanding actions. Second, I brought up considerable concern for how we do not present and maintain documents and presentations on the director's page and make them available to the public. I stated that a listing of minutes on our site was insufficient and difficult to ascertain any useful information. As a minimum we need to present to the public what the board sees to increase our transparency. Alexa took the action to look into improving our public communication from the director's page to comply with OPMA. Where do we stand on these outstanding issues?

With regards,  
Gerald F. Ashby  
Deer Park School Board Director, #4
